

## **2022-2023 Handbook Agreement**

I have read the 2022-2023 Staff Handbook. I understand the handbook is designed to familiarize me with what is expected of me as a staff member. It does not have all policies and regulations in it. I understand that a completed policy book is located in each office and library if I need to look up further information.

I also realize that I will be held responsible for the information it contains as well as educating myself on the guidelines and policies.

I agree to abide by the rules set forth in the Staff Handbook.
